

10th Annual Symposium on Gastrointestinal Cancers
An update on advances in diagnosis and management
Saturday, September 10, 2011

Registration Form

Tuition Fees:

- Physicians
 - Prior to July 31, 2011..... \$150
 - August 1 to August 31, 2011 \$200
 - After September 1, 2011 \$300
- Residents and Fellows, Nurses and Allied Staff
 - Prior to August 15, 2011 \$100
 - After August 15, 2011 \$300
- SLU and MBMC Staff, Housestaff and Nurses
 - After August 15, 2011 \$300

Cancellation:

- Prior to August 15, 2011..... \$50
- After August 15, 2011 No refunds

Course fee includes breakfast and lunch.

Accommodations: See hotel information for discounted room rates for our conference. Please make your reservations early. The special room rates will not be available after August 11, 2011.

Conference Hotel
 Ritz Carlton St. Louis, Missouri rate \$165.00 per night plus tax
 (314) 863-6300 www.ritzcarlton.com code CRYCRYA

Within walking distance to the conference
 Crowne Plaza St. Louis-Clayton rate \$109.00-\$139.00 per night plus tax
 1-800.726-5400 or on-line at www.cpclayton.com

Method of Payment:
Register online, pay by credit card, receive instant confirmation number.
 On-Line registration instructions:
 Please go to the CME website at <http://medschool.slu.edu/cme> and click on 2011 events. Scroll down to the correct course and click on the on-line registration area.
 Once you are in the on-line registration site you can click on the tabs to see up to date information regarding faculty or schedule changes, hotel information, syllabus, available credits, and parking information. Please note you must use your own date of birth and email in order to use the on-line registration system. If more than one person registers under the same email only the most current participant will be saved in the roster.

or pay by check:
 Make check payable to "Saint Louis University CME" Registrants will receive a letter of confirmation upon receipt of their registration and payment.

Check Enclosed Amount \$ _____
 (made payable to "Saint Louis University CME")
 Send registration form and payment to:
Saint Louis University School of Medicine Continuing Medical Education
3839 Lindell Blvd. • St. Louis, MO 63108

*Approved for 8.25 AMA PRA Category 1 Credits[™].
 For questions, call 314-977-7401.*

 The Ritz-Carlton Hotel, St. Louis, Missouri

10th Annual Symposium on Gastrointestinal Cancers
An update on advances in diagnosis and management

Saturday, September 10, 2011
 The Ritz-Carlton Hotel
 St. Louis, Missouri

Course Director
 Banke Agarwal, MD

Planning Committee
 Giuseppe Aliperti, MD
 Timothy Brady, MD
 David Cort, MD
 Steven Fern, DO
 Todd Howard, MD
 Gary Ratkin, MD

Co-Sponsors:

American Society for Gastrointestinal Endoscopy
 Missouri Baptist Medical Center
 Saint Louis University School of Medicine and School of Nursing

ASGE designates this live activity for a maximum of 8.25 AMA PRA Category 1 Credits[™].
 For additional information visit www.gicancers.org or call 314-977-7401.

This course is designed to provide an overview of the recent advances in the field of gastrointestinal cancers. The distinguished faculty, who are well known experts in their fields, will take the participants on a guided tour of the state of the art in cancer diagnosis and management. At the end of the course, the attendees will have a broad understanding of the issues in management of GI cancers and will be able to participate more effectively in the multidisciplinary care of these patients.

Target Audience

Gastroenterologists

Surgeons

Internists

Primary care physicians

Family practitioners

Physician assistants

Nurses practitioners

Objectives

- Provide physicians with an update on state-of-the-art in diagnosis and management of patients with esophageal adenocarcinoma
- To update on innovations in the endoscopic management of gastrointestinal cancers
- To review ways to minimize medical lawsuits
- To update physicians on cost-effective strategies in the diagnosis and management of pancreatic cancers
- To discuss the ethical dilemmas in the care of patients with gastrointestinal cancers
- To reflect on the future trends in colon cancer screening

Accreditation

American Medical Association:

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this live activity for a maximum of 8.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

American Nurses Association:

Saint Louis University School of Nursing is approved as a provider of continuing nursing education by the Missouri Nurses Association, which is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is approved for 8.25 contact hours.

Schedule

7.00-7.30 Registration

7.25-7.30 Welcome & opening remarks: Banke Agarwal

Session I

7.30-9.15 Multidisciplinary management of esophageal cancers

Moderators: Gary Ratkin and Keith Naunheim

7.30-7.45 State of the art in esophageal adenocarcinoma: **Gary Falk**

- Results of screening, surveillance and prevention of esophageal adenocarcinoma in the last 25 years

7.45-8.00 Role of a therapeutic endoscopist in the management of esophageal cancer: staging and palliation: **Douglas Faigel**

- EUS for staging of Esophageal cancer
 - Pre-treatment staging: what information can be obtained and always be provided
 - EUS restaging after chemo-XRT: its potential benefits in treatment planning
- Endoscopic stent placement:
 - What is the right time in course of esophageal cancer to place stents
 - Stents vs PEG for nutritional supplementation

8.00-8.15 Surgery for patients with esophageal cancer : **Cameron D Wright**

- Types of surgical operations available for esophageal cancer
- What are the advantages and disadvantages of each operation
- Patient selection for surgery

8.15-8.30 Advances in the management of esophageal adenocarcinoma: **David Ilson**

- What are the major oncologic achievements in their management
- How these have impacted patient survival and quality of life

8.30-9.15 Q&A and case studies

9.15-9.30 Coffee Break & Visit Exhibits

Session II

9.30-11.00 Innovations in endoscopic management:

Moderators: Steven Fern and Steven Edmundowicz

9.30-9.45 Endoscopic ablation of mucinous cysts in the pancreas: **John DeWitt**

9.45-10.00 EUS guided biliary drainage in patients with unresectable pancreatic tumors: **Janak Shah**

10.00-10.15 Trans-anal endoscopic microsurgery: **Eric Lederman**

10.15-10.30 Cryoablation for early esophageal cancers and Barrett's esophagus: **John Dumot**

10.30-11.00 Q&A

Session III

11.0-12.00 Steps to minimize medical lawsuits

Moderators: Shaun Falvey and Erik Thyssen

Panelists: Andrew Schlafly and Jeff Segal

12.00-1.00 Lunch

Session IV

1.00-2.45 Management of pancreatic cancer

Moderators: Todd Howard and Giuseppe Aliperti

1.00-1.15 Surgery for pancreatic cancer: patient selection and pre-operative staging: **David Linehan**

- Role of pre-operative tissue diagnosis
 - What is the false positive rate for malignancy when patients undergo surgery for pancreatic cancer without tissue diagnosis
 - When during surgery does the surgeon realize that there is no cancer in patients suspected to have pancreatic cancer
- Pre-operative staging work-up
 - Pancreatic protocol CT
 - PET scan
 - Staging laparoscopy

• Patient selection: age, tumor size, vascular infiltration

• Vascular reconstruction to achieve R0 resection: is there any survival benefit

1.15-1.30 Interventional EUS in management of patients with pancreatic cancer: **Michael Levy**

- Pain control with celiac plexus neurolysis
- EUS-guided injection of chemotherapeutic agents/biologic agents for treatment of pancreatic cancer

• Placement of fiducials for guided radiotherapy

1.30-1.45 Role of chemoradiation in management patients with pancreatic and biliary cancer: **Margaret Tempero**

• Pre-operative chemoradiation: its role in resectable and borderline resectable tumors

• Post-operative chemoradiation for pancreatic cancer: who needs it and what does it accomplish

• Chemoradiation for locally advanced cancers: what

does it accomplish

- Metastatic pancreatic cancer: role of palliative chemoradiation

- Recurrent pancreatic cancer: does chemotherapy +/- radiation improve survival/quality of life

1.45-2.00 Determinants of survival benefit after R0 resection of pancreatic cancer: **Banke Agarwal**

- Influence of tumor size, peripancreatic lymph nodes, patient age and perineural tumor infiltration on survival
- Identification of subset of patients who most benefit from R0 resection of pancreatic cancer

2.00-2.45 Q&A and case studies

2.45-3.00 Coffee break

Session V

3.00-4.00 Medical ethics: case studies

Moderators: Friedrich G. Schuening and Ira Kodner

Session VI

4.00-5.30 The future of colon cancer screening

Moderators: David Cort and Timothy Brady

4.00-4.15 Anticipated issues in reimbursement for screening colonoscopy - **Joel Brill**

- RUC review of colonoscopy codes
- Carve out for sedation
- Pathology and anesthesia

4.15-4.30 PQRI and GIQuIC and AGA Health outcomes registry: what do we need to know and how can the data so generated be leveraged for better reimbursements: **Brian Jacobson**

4.30-4.45 Update on competing technologies for colon cancer screening: **Douglas Rex**

- Virtual colonoscopy, serum markers, capsule colonoscopy, other alternate colonoscopy techniques that require lower skill levels

- Are they going to compete with colonoscopy for colon cancer screening any time in near future
- What advantage does colonoscopy have on these technologies and what can we do to maintain it

4.45-5.00 Cost and time efficient use of newer techniques to improve the yield of screening and surveillance colonoscopy in practice settings: **Klaus Mergener**

- What advantage does colonoscopy have on these technologies and what can we do to maintain it

5.00-5.30 Q&A and case studies

5.30 pm Conference adjourned

HOST FACULTY

Banke Agarwal, MD

Associate Professor of Internal Medicine
Director of Therapeutic Endoscopy
Division of Gastroenterology & Hepatology
Saint Louis University School of Medicine

Giuseppe Aliperti, MD

Clinical Professor of Medicine
Saint Louis University School of Medicine
Midwest Therapeutic Endoscopy Consultants, PC

Timothy Brady, MD

St. Louis Gastroenterology Consultants, PC
David Cort, MD
Digestive Diseases Medical Consultants, PC

Steven Edmundowicz, MD

Professor of Medicine
Chief of Endoscopy
Division of Gastroenterology
Washington University School of Medicine

Shaun M. Falvey, J.D.

Brown & Crouppen
Steven Fern, DO
Socialists in Gastroenterology, LLC
Todd Howard, MD
Suburban Surgical Associates, PC

Ira Kodner, MD

Solon & Bettie Gershman Professor of Surgery
Section of Colon & Rectal Surgery
Washington University School of Medicine

Eric Lederman, MD

Colorectal Surgery
Suburban Surgical Associates, PC
David Linehan, MD
Professor and Chief, Hepato-pancreato-biliary Surgery
Washington University School of Medicine

Keith Naunheim, MD

Professor of Surgery
Chief, Thoracic Surgery
Saint Louis University School of Medicine

Gary Ratkin, MD

Medical Oncology
Missouri Baptist Medical Center
Friedrich G. Schuening, MD
Professor of Internal Medicine
Division Director of Hematology & Oncology
Saint Louis University School of Medicine

Erik Thyssen, MD

Specialists in Gastroenterology, LLC
Assistant Professor of Clinical Medicine
Washington University School of Medicine

GUEST FACULTY

Joel V. Brill, MD

Chief Medical Officer, Predictive Health, LLC,
Phoenix, AZ

John DeWitt, MD

Associate Professor of Medicine
Division of Gastroenterology
Indiana University
Indianapolis, IN

John Dumot, DO

Medical Director, Digestive Health Institute
University Hospitals Ahuja Medical Center
Cleveland, OH

Douglas Faigel, MD

Professor of Medicine
Mayo Clinic
Scottsdale, AZ

Gary Falk, MD

Professor of Medicine
Division of Gastroenterology
Perelman School of Medicine
University of Pennsylvania
Philadelphia, PA

David Ilson, MD, PhD

Attending physician, MSKCC
Professor of medicine
Weill Medical College of Cornell University
New York, NY

Brian Jacobson, MD, MPH

Associate Professor of Medicine
Boston University School of Medicine
Boston, MA

Michael Levy, MD

Associate Professor of Medicine
Mayo Clinic College of Medicine
Rochester, MN

Klaus Mergener, MD, PhD

Digestive Health Specialists of Tacoma
Seattle, WA

Andrew Schlafly, JD

General Counsel
Association of American Physicians and Surgeons
New York, NY

Jeff Segal, MD, JD

CEO and Founder, Medical Justice
Greensboro, NC

Janak N. Shah, MD

Director of Pancreatic and Biliary Endoscopy
Interventional Endoscopy Services – California Pacific Medical Center
San Francisco, CA

Margaret Tempero, MD

Doris and Donald Fisher Distinguished Professorship in Clinical Cancer Research
Professor of Medicine
UCSF Helen Diller Family Comprehensive Cancer Center
San Francisco, CA

Douglas Rex, MD

Professor of Medicine
Division of Gastroenterology
University
Indianapolis, IN

Cameron D Wright, MD

Professor of Surgery
Division of Thoracic Surgery
Massachusetts General Hospital
Harvard University
Boston, MA
